To Whom It May Concern:

RE: Expiration Date

It is MP Biomedicals' policy that materials that do not have expiration date on the label and or Certificate of Analysis, are stable compounds. It is also our policy that material received from MP Biomedicals is good for at least one (1) year from the date of receipt by the customer and therefore we guarantee stability for this time period after the receipt of the product if stored appropriately.

Should you have any questions or concerns, do not hesitate to contact us.

Sincerely Yours,

A handwritten signature in black ink, appearing to read 'Jhony Orbulescu'.

Jhony Orbulescu, Ph.D.
Global QC and Fine Chemical QC Director
